Keep your medications safe!

Store medications in secure locations, such as lockboxes, medication safes, or other lockable spaces. Avoid storage places such as drawers, nightstands, or kitchen cabinets that children and others can easily access.

Follow any disposal instructions on the prescription label or patient information sheet. If none are given, dispose of unused medication at the Garrett County prescription drug drop boxes listed on the red card to the left, or visit AddictionHappens.org for additional information about safe disposal methods and prescription drug drop boxes that are available in a variety of locations within and outside of Garrett County.
